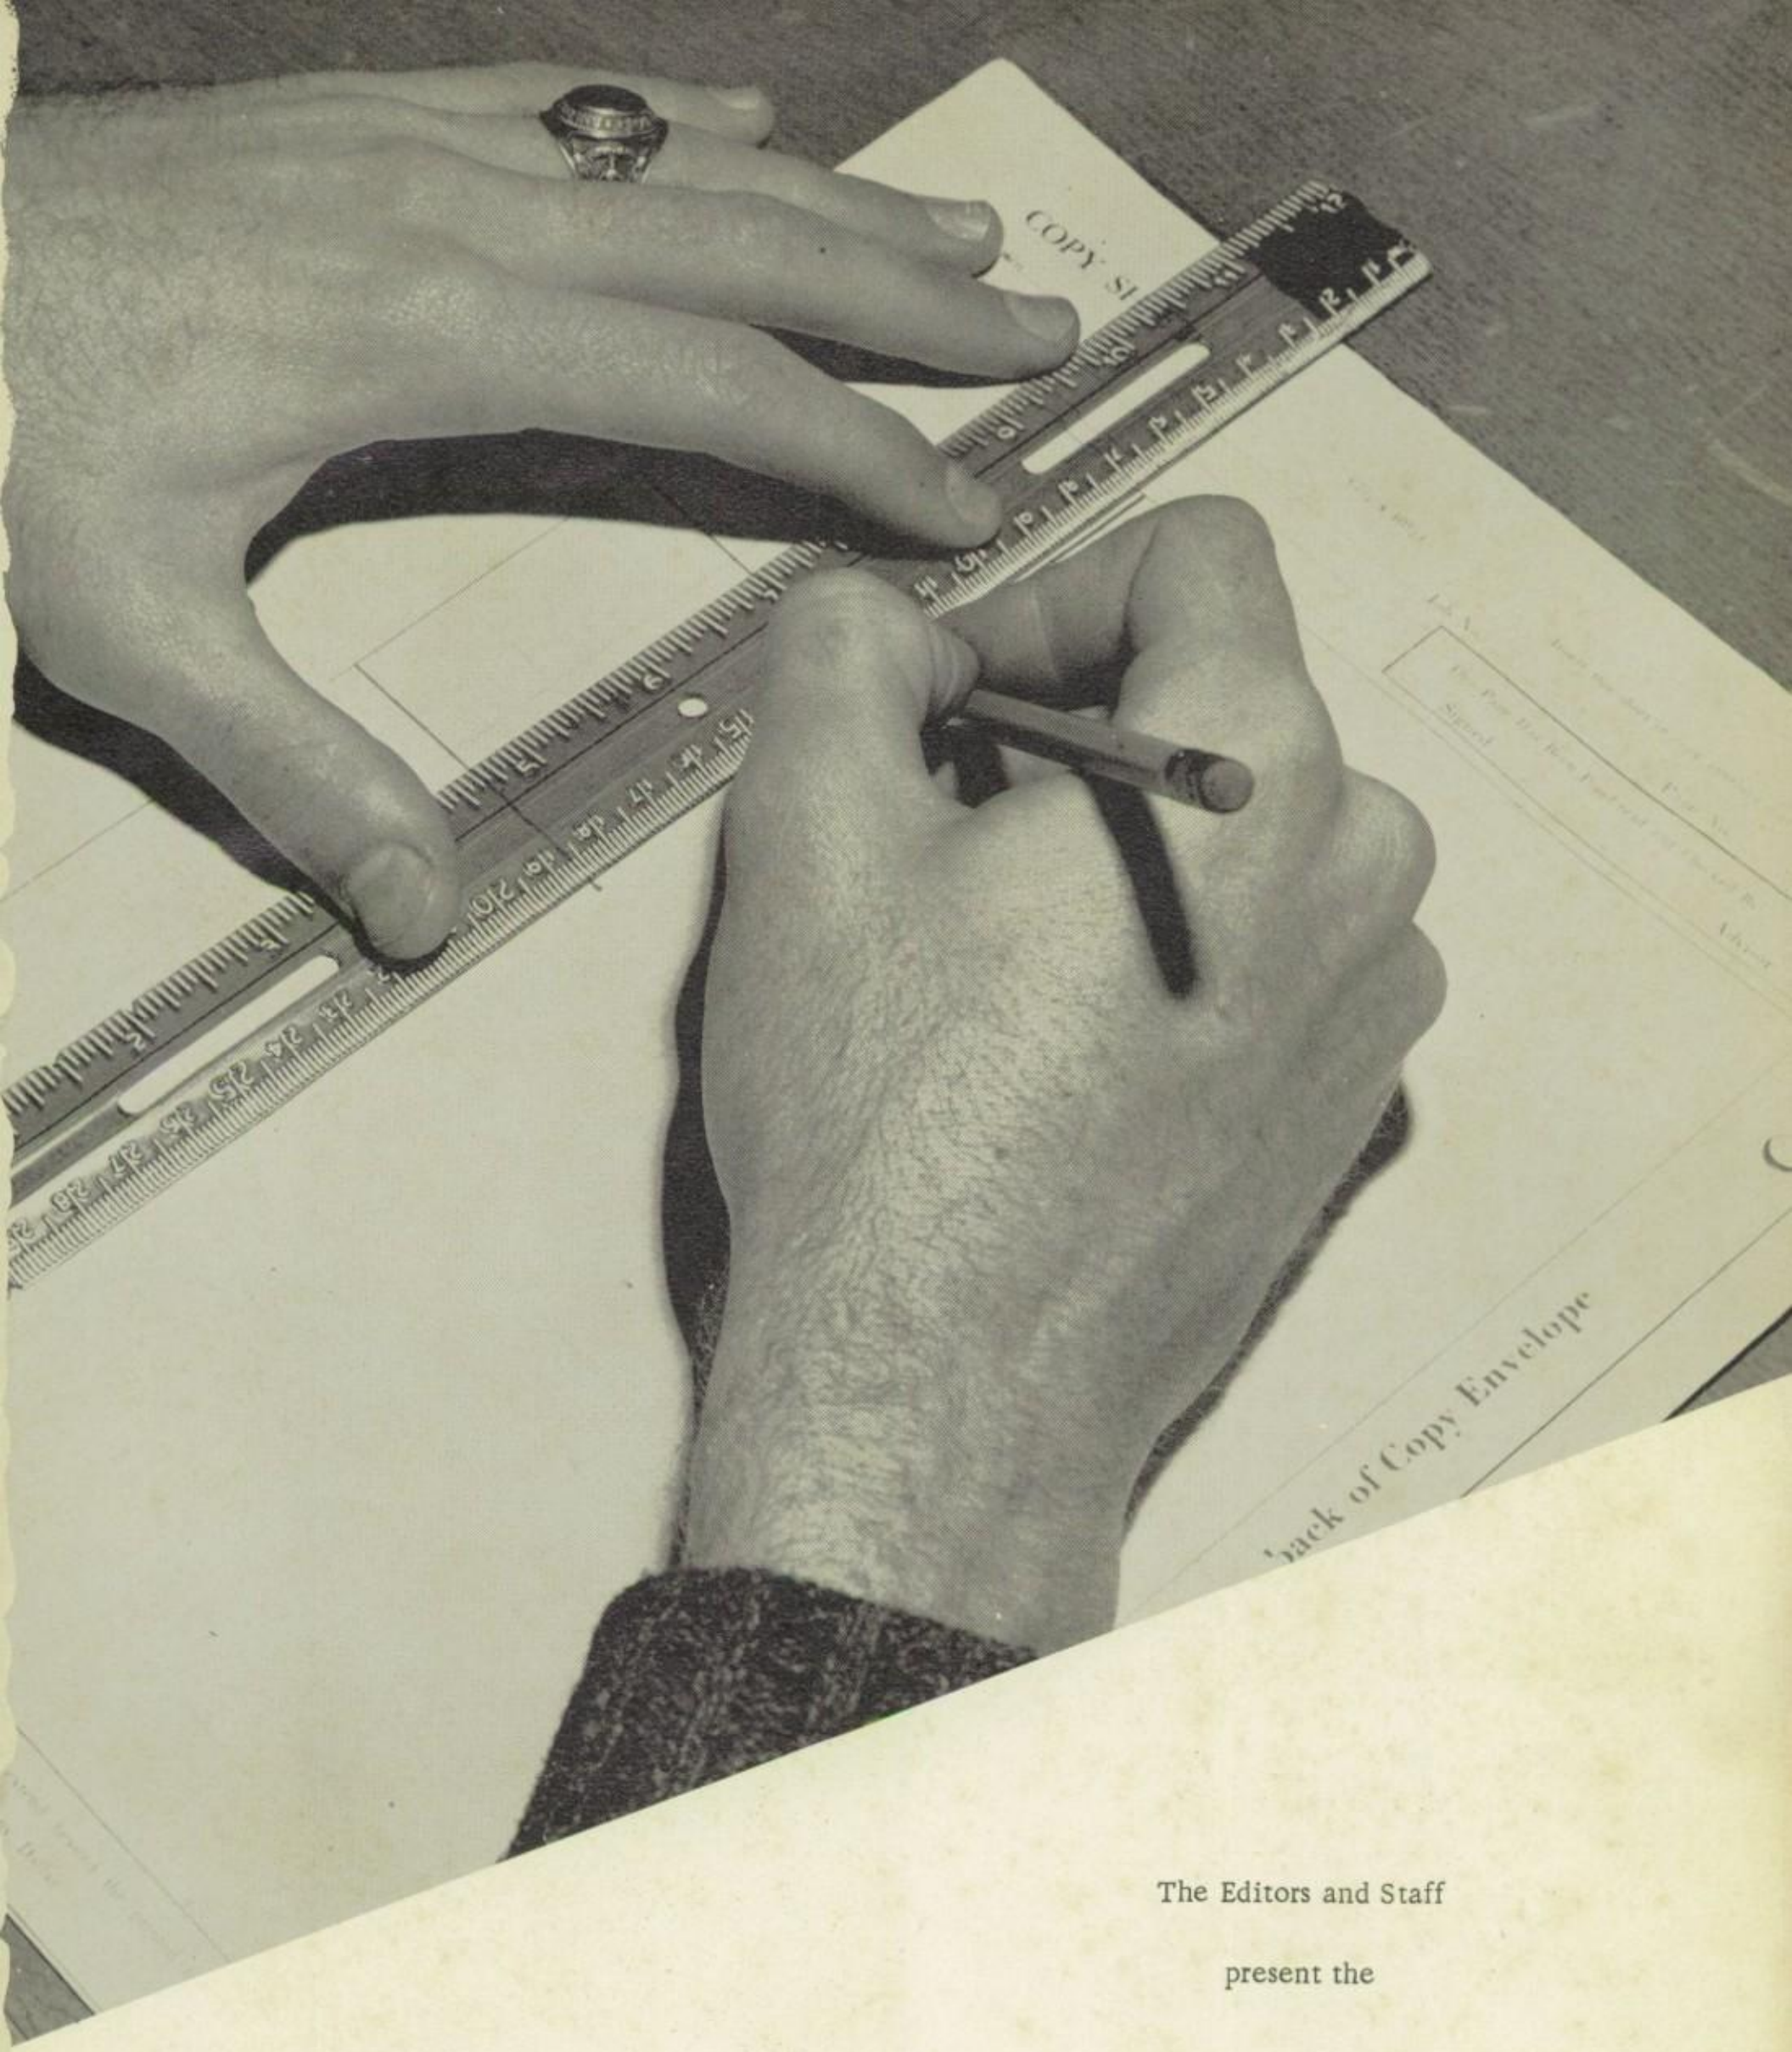
DE LA SALLE HIGH SCHOOL



The Editors and Staff

present the

1961 Maroon Legend

We hail thee, Alma Mater, to pledge thee our faith

And send echoes bearing thy praise;

To tell all the earth that here stand

Loyal sons who have walked thy ways.

When storms and distress are upon us,

Dark clouds hide the face of our sun,

We look to thy light to inspire us

Till the field for the truth is won.

So, Cavaliers, stand firm on your honor

And sing out, "De La Salle, lead on!"

Dedication

Reverend
William Pittman, C. M.

In the spirit of St. Vincent de Paul, and as a member of his Congregation of the Missions, Father Pittman has brought Christ to us and led us to Christ by means of His sacraments. This he has done faithfully during the past four years as De La Salle's chaplain.

To you, then, Father Pittman, we dedicate with sincerity and gratitude

The 1961 MAROON LEGEND

"Where sin has abounded, grace has abounded more."
(Romans V, 20)

At groundbreaking ceremonies, Father Pittman acts in his capacity of representative of the Church, as he has so often done.

BROTHER A. FRANCIS, Principal

The Class of 1961, together with the entire student body of De La Salle High School, wishes to express its sincere gratitude for the untiring and devoted service of Brother A. Francis, F.S.C., who has served as principal during the past six years.

As graduates leaving De La Salle, we would like to think that his leaving is only a step to still greater accomplishments. Here the things achieved under his administration speak for themselves: the initiation of departmental instruction, of the Functional Math program, and of closed circuit television teaching; and the construction of the Freshman wing and the soon-to-be-completed Gym-Student Center.

To you, then, Brother Francis, we offer our congratulations for a job superbly done, and express our desires for God's blessings on your future endeavors.

A long-awaited dream of Brother Francis and of everyone associated with De La Salle comes true as ground is broken to begin work on the new gym.

Talent Show models

After a year spent in negotiations and fund-raising, the firm of Burk, Lamantia, and Burk was selected as architects for De La Salle's new Gym-Student Center, and Bartley, Inc. was chosen as general contractor.

Work began on Saturday, November 26 with the tearing up of the asphalt court, the scene of many hotly-contested intramural games, and the home of the freshman basketball team. A familiar area of the De La Salle campus was making way for a structure which will soon be as familiar.

The ground being cleared, and contrary weather notwithstanding, 48 pontoon-like bits of foundation were poured, and tall concrete columns erected atop each of these. The resulting sight caused remarks such as the following from the misinformed: "Gee! How will they be able to play basketball with all those columns on the floor?"

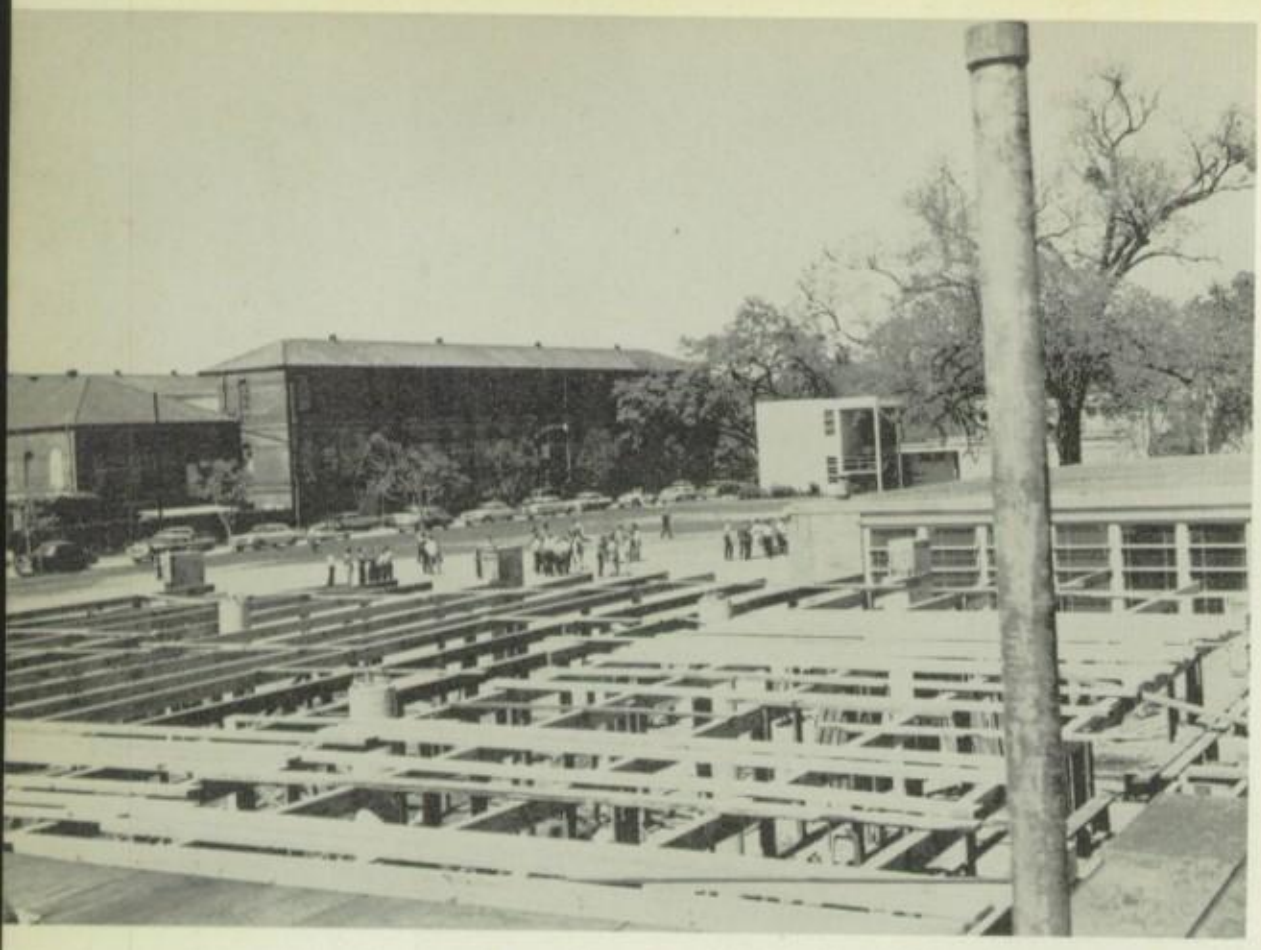
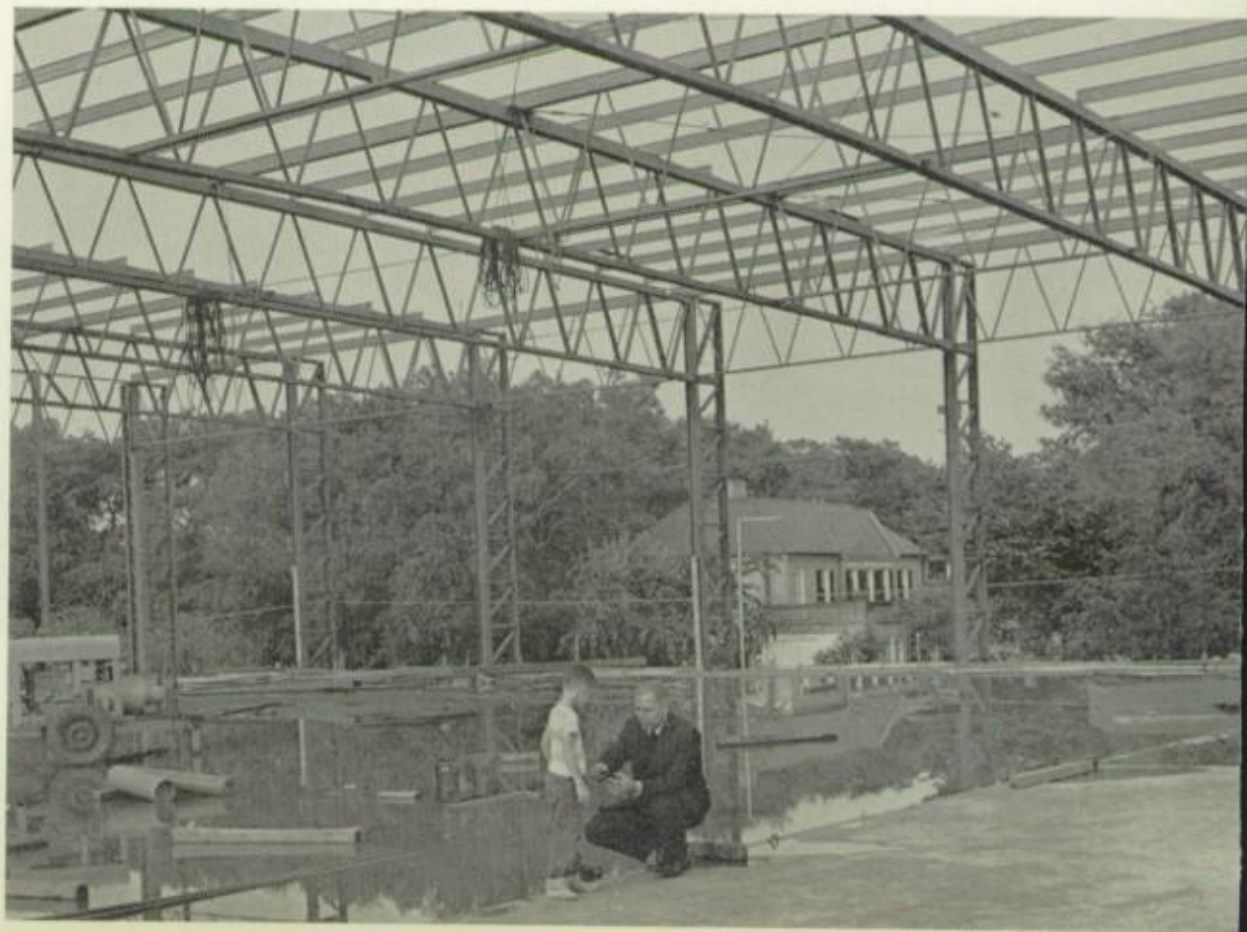
The graduates of 1961.



An unbelievable number of wooden braces had to be erected in order to support the second floor of the gym, which is an area consisting of one main basketball court, two smaller courts, and movable bleachers with a seating capacity of 3,000.

April —

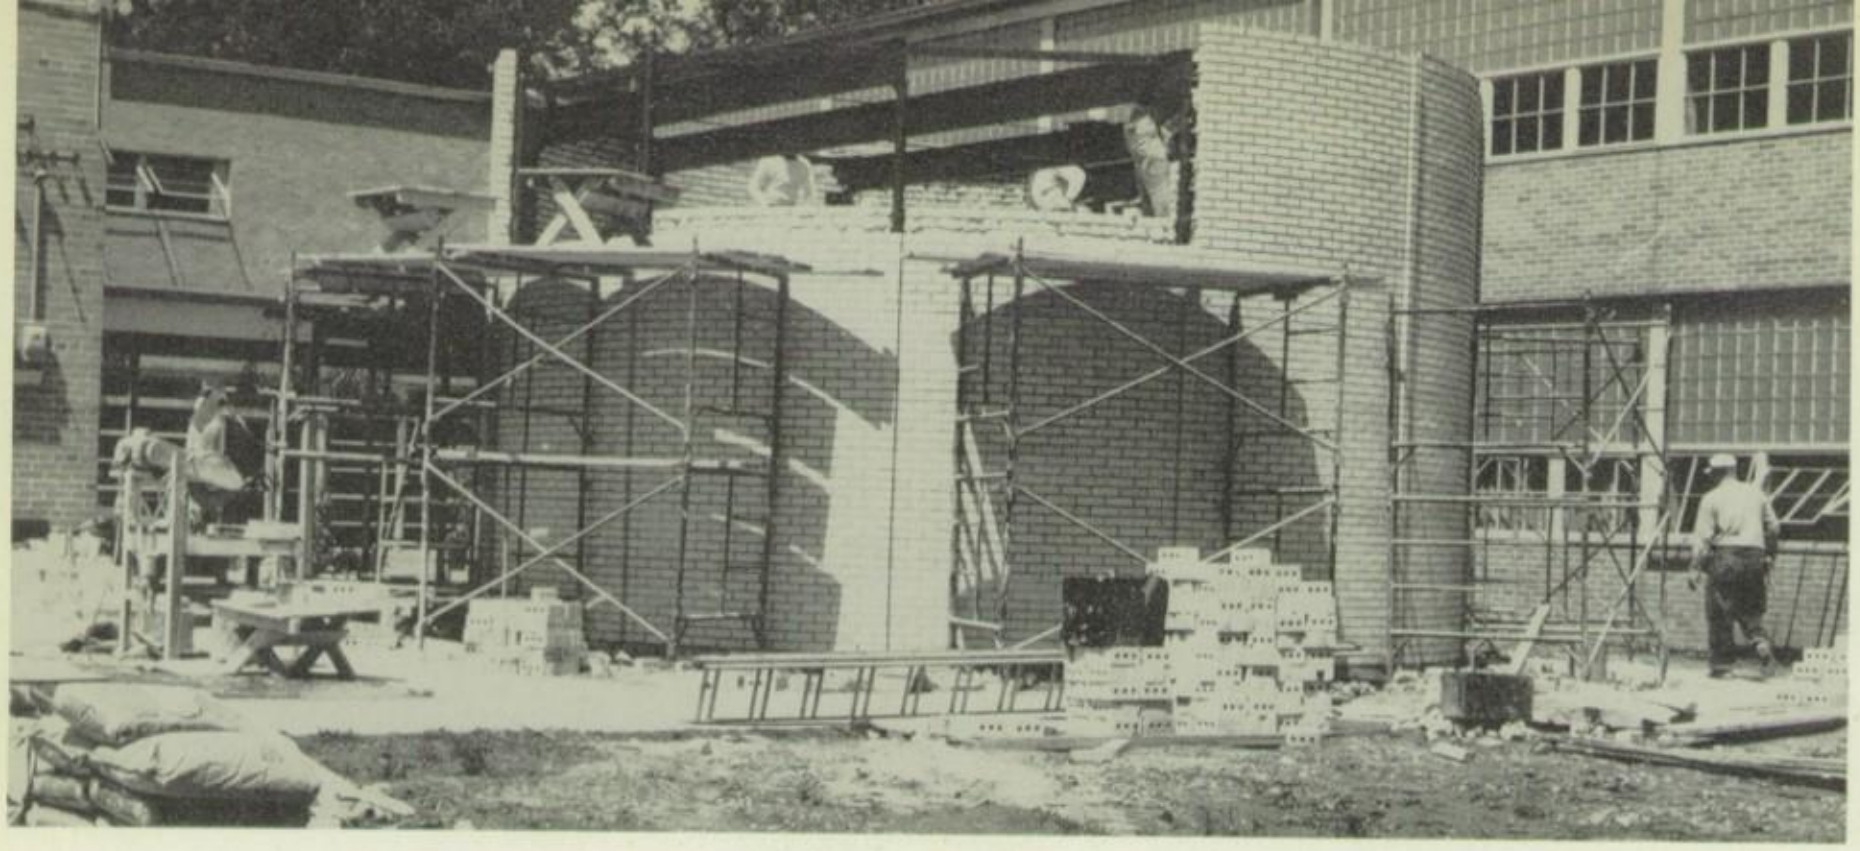


Here, Brother C. Abel and a friend give an idea of the tremendous size of the gym floor, which is seen covered with water after a familiar New Orleans' rain.

May, 1961

The upper picture, taken from atop the Brothers' residence, reveals the state of construction at the end of the 1960-61 school year. Nearly all of the steel for the roof is in place; each of the large beams running from the front to the back in the lower picture weigh 7,600 pounds.

Notice Brother C. Abel and his small companion (and Brother Alban on the left stairs in the lower picture) to get an idea of the immensity of the plant.



To bring his many accomplishments here at De La Salle to a fitting close, and to further the spiritual interests of the school, Brother Francis had constructed, during the last four weeks of the year, a chapel for the purposes of confession and visits to the Blessed Sacrament. A great deal of enthusiasm and curiosity was generated, and donations from classes, organizations and individuals were both numerous and generous. The only outstanding item missing from the picture is the large crucifix.

Large enough for one class of students, containing a confessional and sacristy, and blessed by a most convenient location on the campus, the chapel will most certainly be used often.

De La Salle's chapel was begun on May 1 and was completed in time for the Seniors' graduation breakfast on May 25. Those who had not visited the school during that time were quite surprised and pleased upon viewing it for the first time.

The staff of the Maroon Legend extends congratulations to Brother Francis and all concerned for a most splendid job.
